I love this Copper Lakes home! This home was built by Partners in Building and custom changes were made by the owners to enhance the owners lifestyle. The large gourmet kitchen makes this home perfect for entertaining friends and family. Soaring 12' ceilings and large rooms make this home feel much larger than the actual size. High end touches are everywhere, including: granite counters, custom cabinetry, tile, Jenn-Air appliances, over-sized 3 car garage and so much more. Hidden closet is ideal for panic room. Upstairs bonus room is perfect for game room, media room, or workout room. Don't miss seeing this home. Call for an appointment right now!
